- Dubai is known worldwide for its architecture. It's hard to believe that only four decades ago, the city did not have a single building. Now, the Dubai skyline is full of unique skyscrapers designed by some of the best architects in the world. A drive down one of UAE's main roads, Sheikh Zayed Road, will leave anyone in awe. Buildings come in all shapes, sizes and styles. Anything Dubai does, it does in style, so even the metro stations are architectural wonders.
- The Burj Khalifa is the tallest building in the world, and making a trip to the top is a memorable experience. From the beach to the desert, the whole of Dubai can be seen from up there. The building is over 800 meters tall and has 163 floors. The Burj Khalifa is home to numerous hotels and restaurants, and is an ideal place to watch the sunset.
- Considering Dubai's climate and geography, it's hard to believe that it would have any greenery. However, the artificial gardens will leave anyone amazed.
